REQUEST FOR CLARIFICATION

Honorable Commissioner of
Patents and Trademarks
Washington, D.C. 20231

Sir:

In response to the Office Action mailed on March 12, 2003, Applicant respectfully requests that the Examiner please clarify the following issue.

Our response filed on 2/17/03 was deemed not fully responsive because it did not include **a clean copy of the claims**.

However, Applicant believes that the new procedure promulgated by the PTO for amendments, specifically states that *no clean copy is required for claim amendments*. The new procedure requires markings for currently amended claims, and clean text for other claims. In addition, a complete listing of the claims is required, with each claim having a status identifier, whether the claim is currently amended or not.

Applicant refers the Examiner to the following site, where directions are found for drafting amendments in this new format. The site is accessible through the "News & Notices" section on the USPTO main web page. Please see Section III, A., 2, which states: "No separate 'clean' version should be submitted for currently amended claims, as this requirement has been eliminated."

If Applicant has misinterpreted the instructions, the Examiner's clarification would be appreciated, as it was Applicant's intent to submit an amendment and response which fully meets current requirements.

Respectfully submitted,

Enrique G. Estévez
